

Hurley Community Service Scholarship 2025-26 Academic Year

Submit completed applications to SFS (Jones 019 or jpotter@pugetsound.edu) by March 31, 2025

The Hurley Community Service Scholarship was established to encourage students to engage in planned and focused community service projects that will positively impact Tacoma or the Puget Sound community and their life today and after they leave Puget Sound.

Project proposals should fill an existing community need and must include collaboration with at least one community organization. Don't know where to start? For information about local organizations and community partners with whom we have established relationships, contact Tiffany Williams in the office of Experiential Learning by emailing tjwilliams@pugetsound.edu.

Two \$5,900 scholarships will be awarded to currently enrolled students. The scholarship recipients are expected to commit an average of 5 hours per week to pursue their project under the mentorship of the Program Manager for Community-Based Learning. The recipient will be required to submit a mid-year progress report after fall semester and a final report at the end of the academic year.

First Last

Please attach responses to each of the following:

1. Brief outline of your **prior community service** experience.
2. Brief **project proposal** for your community service project:
 - A. Description of your project, including the following information:
 1. An overview of the work you plan to engage in: key activities
 2. Community needs you believe the project will address and how the need was identified
 3. The university and/or off-campus organizations you plan to partner with
 4. Whether you have developed this project in collaboration with the above-mentioned partner(s) and/or what their involvement in your project will entail
 - B. Your **goals or objectives** for the project and how you will measure success.
 - C. Any **supporting documentation** that presents the need for and feasibility of your project. (*i.e., action plan timeline; letter(s) of support from your community partner(s); data demonstrating the community need; budget and funding source, if applicable, etc.*)

3. **Short essay** (100-200 words) answering: "How do you expect that the experience of this project will shape your life and future goals after graduating from Puget Sound?"

I agree that if I am selected for this scholarship, the university may supply information regarding my academic performance and other information (such as, but not limited to, the information submitted with the application) to the scholarship donor or other individuals or groups involved with the administration of this scholarship.
